

## Pop Up Card

All images © 1990-2021 Stampin' Up! ®

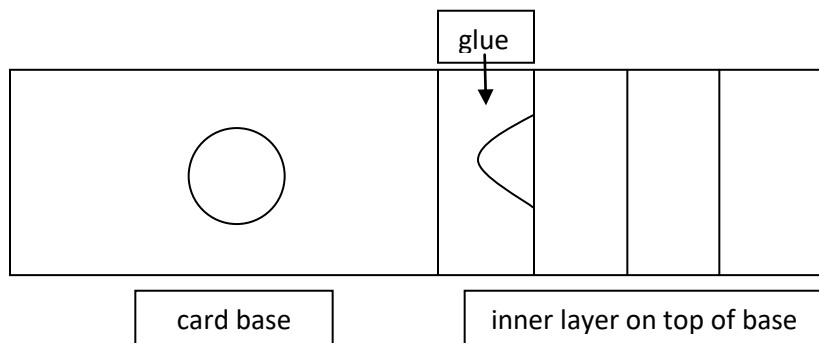

### Measurements:

- Card base: 4 ¼" x 11" scored at 5 ½"
- Inner cardstock layer: 4" x 9 ½" scored on long side at 2 1/8", 4 ¼" and 6 3/8"
- Patterned paper layers: 4" x 5 ¼" (2)
- Cardstock for phrase, die cuts, etc.

### Instructions:

1. Fold the card base along the score line.
2. Adhere the patterned paper to either side of one of the halves of the card base, only putting adhesive around the edges.
3. Cut a 3" inch circle out from the centre of the patterned paper half of the card base; set aside the cut out pieces.
4. Score the inner cardstock layer along the score lines and emboss if desired.
5. Insert the inner cardstock layer in the card base and close the card base.
6. Trace the circle from the card base window onto the inner cardstock layer to show where to place the adhesive as shown below.

7. Adhere the traced end of the inner cardstock layer onto the card base by closing the patterned half onto the inner layer.
8. Adhere the other end of the inner cardstock layer to the plain half of the card base.
9. Adhere the set aside cardstock circle to the inner cardstock layer through the card base window; stamping beforehand if desired.
10. Cut one of the set aside patterned paper circles in half and adhere to the base of the box as shown in picture at top of sheet.
11. Embellish as desired.
